

Thank You for Your Donation!

For a limited time ICAN is offering supporters a TreeTop Barbie doll for those who donate \$50 or more. The TreeTop Barbie project was designed to raise consciousness among young girls (and boys!) about the importance of forest canopy organisms and interactions. We hope that TreeTop Barbie will provide you and your child an alternative to the mainstream Barbie doll image. We present to you a Barbie who is active, capable of climbing tall trees, and enthusiastic about collecting scientific data.

The TreeTop Barbie Package Includes:

- * Rough-and-tumble yet fashionable Barbie field outfit complete with boots, vest, jeans, shirt, and helmet.
- * Field gear including: binoculars, rope for climbing, Barbie- and human-sized field guides of the Pacific Northwest, Barbie-sized field data notebook.
- * A letter from TreeTop Barbie telling you about her interests. *Personalize your TreeTop Barbie letter by telling us the child's name to whom TreeTop Barbie will be given. Name: _____*
- * TreeTop Barbie is available with blonde hair or as a brunette. Brown skinned dolls are also available. **Please circle your preference.**

Donations will go toward this and other outreach ventures geared toward our mission of disseminating scientific information about the forest canopy. To that end, we have set up two suggested donation amounts: one that covers the cost of production, \$50, and one that includes an additional contribution to our educational programs, \$100. All contributions are tax deductible. Please fill out the form below and we will send TreeTop Barbie to you.
